Management Discussion and Analysis

The board of directors of Tysan Holdings Limited (the “Company”) (“Board of Directors”) is pleased to announce the unaudited consolidated results of the Company and its subsidiaries (the “Group”) for the six months ended 30 September 2013. During the period under review, the Group recorded a turnover of HK\$2,313 million (30 September 2012: HK\$1,435 million) and achieved a profit attributable to ordinary equity holders of the Company of HK\$92 million (30 September 2012: HK\$195 million), representing HK\$0.10 per ordinary share of the Company (“Share”) (30 September 2012: HK\$0.22 per Share).

Business Review

Foundation Piling

For the period under review, turnover of the Group’s foundation division increased by 39% to HK\$1,817 million while contribution to profit increased by 98% to HK\$84 million as compared to the last corresponding period. The Group’s major contracts on hand include, inter alia, Hong Kong Housing Authority’s project in Tuen Mun Area 54, Kerry Properties’s project in So Kwun Wat, Tuen Mun and Shangri-La’s hotel project in Hung Hom.

Property Development

Shanghai

For the period under review, the Group’s residential project in Shanghai, The Waterfront, recognised HK\$195 million as revenues as compared to HK\$74 million in the last corresponding period. Despite the continuation of the government’s restrictive measures on home purchase, the price of the project remains solid and the transaction level is satisfactory.

Tianjin

The Riverside’s sale results are satisfactory and achieved a revenue of HK\$265 million for the period under review. The Group is confident that the project will remain as a strong player in the market and will continue to yield profitable returns.

Shenyang

The Group’s site in Shenyang, located at Huanggu District with a total gross floor area of approximately 165,000 sqm, has commenced construction and the pre-sale programme is expected to be launched during the financial year ending 31 March 2015.

Property Investment and Management

The Group’s investment properties in Shanghai have started its renovation programme and thus some units were left vacant. As a result, turnover of the property investment and management division during the period under review decreased from HK\$12 million in the last corresponding period to HK\$9 million while contribution to profit, including changes in fair value of investment properties, was about breakeven. The Group is of the view that the value of the investment properties will be enhanced after completion of the renovation.

Management Discussion and Analysis

Other Construction Related Sectors

During the period under review, turnover of the Group's electrical and mechanical engineering division and machinery leasing and trading division was HK\$13 million and HK\$12 million respectively with breakeven results. The Group expects that market conditions will remain competitive but the divisions will achieve profitable returns.

Prospects

The foundation market for the financial year ending 31 March 2014 should continue to be stable. However, the Group expects competition will become more intense in the coming years as the overall plant capacity in Hong Kong has largely increased as a result of the boom in the foundation market for the past 3 years. In addition, with most of the casino resorts completing this year, more plant capacity will be added to the Hong Kong market. The Group thus expects to face a competitive market but is confident that with its established market position and management expertise, it will be able to maintain and utilise its competitive advantages.

The Group's business strategy is to continue to be the leader in the foundation industry in Hong Kong and Macau. With the business being led by the same key management, the Company expects to maintain its established market position and will continue to expand its business based on long term client relationship and successful track records.

The Government of the People's Republic of China ("PRC") continues its austerity measures on the property market which the Group believes is healthy for the long term development of the real estate market. The Group remains cautiously positive on the overall outlook of the PRC property market as its economy continues to grow and prosper, and will continue to seek new project opportunities in the PRC.

Possible Voluntary Conditional Cash Offer

On 19 August 2013, the Company and Tides Holdings II Ltd. (the "Offeror") jointly announced ("Joint Announcement") that Barclays Capital Asia Limited will, on behalf of the Offeror, subject to the satisfaction or waiver of certain pre-conditions, make a possible voluntary conditional cash offer ("Offer") to acquire all the issued Shares (other than those already owned by the Offeror and parties acting in concert with it) at an offer price of HK\$2.86 per Share ("Offer Price"). The Offer Price represents a premium of approximately 59.8% over the average of the closing prices as quoted on the The Stock Exchange of Hong Kong Limited (the "Stock Exchange") for the 90 consecutive trading days up to and including 9 August 2013, being the last trading day before the Joint Announcement of HK\$1.79 per Share. The Blackstone Group L.P.'s real estate group, the parent of the Offeror, is one of the largest opportunistic real estate investment managers in the world. It is also engaged in real estate development in major cities in the PRC such as Shanghai, Dalian, Nantong and Wuhan. The Blackstone Group L.P. and its affiliates believe that the subject Offer will provide it with an opportunity to enlarge its footprint in the real estate market in the PRC. For details of the Offer, please refer to the Joint Announcement.

The Group is principally engaged in foundation piling, property development, property investment and management, machinery leasing and trading, and electrical and mechanical engineering. The Company’s shares (“Shares”) are listed on the Main Board of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”).

Pursuant to a joint announcement dated 19 August 2013 (“Joint Announcement”), the Company and Tides Holdings II Ltd. (the “Offeror”) jointly announced that Barclays Capital Asia Limited will, on behalf of the Offeror, subject to the satisfaction or waiver of certain pre-conditions (“Pre-Conditions”), make a possible voluntary conditional cash offer to acquire all the issued Shares (other than those already owned by the Offeror and parties acting in concert it) (“Offer”) and to cancel all the outstanding options of the Company. The making of the Offer is, conditional upon the satisfaction or waiver of the Pre-Conditions.

2. Basis of preparation and accounting policies

The unaudited consolidated interim financial statements have been prepared in accordance with the applicable disclosure provisions of the Rules Governing the Listing of Securities on the Stock Exchange and the Hong Kong Accounting Standard (“HKAS”) 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) and should be read in conjunction with the annual financial statements for the year ended 31 March 2013.

The accounting policies used in the preparation of the unaudited consolidated interim financial statements are consistent with those adopted in the annual financial statements for the year ended 31 March 2013, except for adoption of the following new and revised standards, amendments and interpretations issued by the HKICPA which are effective for the Group’s financial year beginning on 1 April 2013.

HKFRS 1 Amendments	Amendments to HKFRS 1 <i>First-time Adoption of Hong Kong Financial Reporting Standards – Government Loans</i>
HKFRS 7 Amendments	Amendments to HKFRS 7 <i>Financial Instruments: Disclosures – Offsetting Financial Assets and Financial Liabilities</i>
HKFRS 10	<i>Consolidated Financial Statements</i>
HKFRS 11	<i>Joint Arrangements</i>
HKFRS 12	<i>Disclosure of Interests in Other Entities</i>
HKFRS 10, HKFRS 11 and HKFRS 12 Amendments	Amendments to HKFRS 10, HKFRS 11 and HKFRS 12 – <i>Transition Guidance</i>
HKFRS 13	<i>Fair Value Measurement</i>

2. Basis of preparation and accounting policies (Cont'd)

HKAS 1 Amendments	Amendments to HKAS 1 <i>Presentation of Financial Statements – Presentation of Items of Other Comprehensive Income</i>
HKAS 19 (2011)	<i>Employee Benefits</i>
HKAS 27 (2011)	<i>Separate Financial Statements</i>
HKAS 28 (2011)	<i>Investments in Associates and Joint Ventures</i>
HK(IFRIC)-Int 20	<i>Stripping Costs in the Production Phase of a Surface Mine</i>
<i>Annual Improvements 2009-2011 Cycle</i>	Amendments to a number of HKFRSs issued in June 2012

Other than as further explained below regarding the impact of amendments to HKAS 1 and HKFRS 13, the adoption of the new and revised HKFRSs has had no significant financial effect on the results and financial position of the Group for the current and prior accounting periods.

The HKAS 1 Amendments change the grouping of items presented in other comprehensive income. Items that could be reclassified (or recycled) to profit or loss at a future point in time (for example, net gain on hedge of a net investment, exchange differences on translation of foreign operations, net movement on cash flow hedges and net loss or gain on available-for-sale financial assets) would be presented separately from items which will never be reclassified (for example, actuarial gains and losses on defined benefit plans and revaluation of land and buildings). The amendments affected presentation only and had no impact on the Group's financial position or performance.

HKFRS 13 provides a precise definition of fair value and a single source of fair value measurement and disclosure requirements for use across HKFRSs. The standard does not change the circumstances in which the Group is required to use fair value, but provides guidance on how fair value should be applied where its use is already required or permitted under other HKFRSs.

The adoption of HKFRS 13 only affects disclosures on fair value measurements in the unaudited consolidated interim financial statements. HKFRS 13 has been applied prospectively.

The Group has not early adopted any new accounting and financial reporting standards, amendments to existing standards and interpretations which have been issued but are not yet effective. The Group is in the process of making an assessment on the impact of these new and revised standards, amendments and interpretations and does not anticipate that the adoption will result in any material impact on the Group's results of operations and financial position.

The unaudited consolidated interim financial statements were approved and authorised for issue by the board of directors on 25 November 2013.

13. Other payables, deposits received and receipts in advance

As at 31 March 2013, included in other payables, deposits received and receipts in advance are the deposits of HK\$6,000,000 received from Fortunate Pool Limited (“Fortunate Pool”), a company wholly owned by Mr. Fung Chiu Chak, Victor for the proposed disposal of 40% of the issued shares of Tysan Foundation (Hong Kong) Limited pursuant to a sale and purchase agreement dated 12 November 2012 (as amended by a supplemental agreement dated 21 December 2012) between the Company and Fortunate Pool (collectively, the “Rescinded Sale and Purchase Agreement”). As the conditions to the Rescinded Sale and Purchase Agreement had not been fulfilled by 30 June 2013, Fortunate Pool elected to rescind the agreement and the Company refunded all the monies paid by Fortunate Pool, being HK\$6,000,000, without interest and neither party had any claims against the other party. During the commercial negotiations between the Offeror and the Company in connection with the Offer, the withdrawal of the legal proceedings HCMP 2892 of 2012, HCMP 207 of 2013 and HCMP 814 of 2013 taken out by Mr. David Chien in the High Court of Hong Kong (collectively, the “Chien Legal Proceedings”) was one of the Pre-Conditions to the Offer. Parties to the Chien Legal Proceedings were aware of the Offer and wished to achieve a full and final settlement of the Chien Legal Proceedings, and a settlement agreement (“Settlement Agreement”) was accordingly entered into on 16 August 2013. The parties to the Chien Legal Proceedings, amongst others, entered into the Settlement Agreement pursuant to which Mr. David Chien agreed to (i) stay the Chien Legal Proceedings and vacate the relevant hearing dates and file the relevant consent summons with the High Court of Hong Kong within 3 business days after the date of the Settlement Agreement; and (ii) unconditionally withdraw the Chien Legal Proceedings and file the relevant consent summons with the High Court of Hong Kong within 3 business days of the relevant independent shareholders of the Company approving the special deal transactions and the non-exempt connected transactions. Further information of which has been disclosed in the circular of the Company issued on 25 November 2013 (the “November 2013 Circular”). By two sealed copy orders by consent sealed on 22 August 2013 and 23 August 2013 respectively, the High Court of Hong Kong ordered that all further proceedings in the Chien Legal Proceedings be stayed and that the hearing date for leave to appeal against an interim order granted by the High Court of Hong Kong in the legal proceedings HCMP 2892 of 2012 and HCMP 207 of 2013 respectively be vacated. The Company is a party to the Settlement Agreement in respect of the legal proceeding HCMP 841 of 2013. In that proceeding, although the Company is the respondent, what Mr. David Chien is seeking from the court is the right to represent the Company and he is not suing the Company for damages or other substantive remedies other than costs. The other provisions of the Settlement Agreement do not directly involve the Company and are mainly in respect of settling the rights and remedies of Mr. David Chien and the other Directors involved in the Chien Legal Proceedings against one another. The Settlement Agreement does not involve any payment on the part of the Company save for bearing its own costs and Mr. David Chien bears his own costs, and each party is released from all actions, demands and claims from the other party. For further information of the Chien Legal Proceedings, please refer to the announcements published by the Company dated 7 January 2013, 18 January 2013, 25 January 2013, 28 February 2013, 23 April 2013, 6 May 2013, 7 May 2013, 10 May 2013, 31 May 2013, 7 June 2013, 21 June 2013, 19 August 2013 and 23 August 2013. Further information of the Settlement Agreement has been disclosed in the November 2013 Circular.

19. Fair value hierarchy

The Group uses the following hierarchy for determining and disclosing the fair values of financial instruments:

Level 1: fair values measured based on quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: fair values measured based on valuation techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly, but where prices have not been determined in an active market, financial assets with fair value based on broker quotes, investments in private equity funds with fair values obtained via fund managers and assets that are valued using Group's model whereby the majority of assumptions are market observation

Level 3: fair values measured based on valuation techniques for which any inputs which have a significant effect on the recorded fair value are not based on observable market data (unobservable inputs)

During the period ended 30 September 2013, there were no transfers of fair value measurements between Level 1 and Level 2 and no transfer into or out of Level 3.

The fair values of listed equity investments are based on quoted market prices. If the market for a listed security is not active, the fair value is established by reference to the current fair value of another security that is substantially the same. The fair values of unlisted investment funds are based on quoted price from financial institutions.

The Group enters into derivative financial instruments with banks with high credit-ratings. Derivative financial instruments, i.e. interest rate swaps, are measured using valuation techniques similar to swap models, using present value calculations. The models incorporate various market observable inputs including the credit quality of counterparties and interest rate curves. The carrying amounts of interest rate swaps are the same as their fair values.
